

WORLD OF KIDS DAYCARE AND OSC

FEBRUARY 2025 NEWSLETTER

Family is not just a word; it's the value of relationships in life. Every person has their own way of identifying and describing his or her family. Quality, fun times spent with parents is so important to children's growth and development. Children will definitely appreciate the memories of these family activities. The great news is that the initial result of just spending a little quality time in family centered activities will greatly strengthen your family bond. Remember it is important not the amount of time but the quality of time. **We request all parents to send family pictures to make new family board.**

"Wish you all a happy family day"

Happy Birthday

We would like to wish February born children
And staff to have a lovely and happy birthday.
We wish you to have a bright year ahead.

Dates to remember

February 5	Childcare Fees Due
February 9	National Pizza Day
February 14	Valentine's Day
February 17	Family Day (CLOSED)

BABY ROOM PROGRAM PLANNING:

During the month of January children explored various activities on emergent curriculum program planning under the big idea "IN and OUT". We planned lots of activities where children learned through hands-on experience. As their interest is getting shifted now, in the month of February children will be learning about "COUNTING" through different play experiences.

PRESCHOOL PROGRAM PLANNING:

During the month of January children explored various activities on emergent curriculum program planning under 5 SENSES. We planned lots of activities where children learned through hands-on experience. As their interest is getting shifted now, in the month of February children will be learning about "ROLE PLAY" through different play experiences.

KINDER AND OSC PROGRAM PLANNING:

During the month of January children explored various activities on emergent curriculum program planning under ENCLOSED PLAY. We planned lots of activities where children learned through hands-on experience. As their interest is getting shifted now, in the month of February children will be learning about "SCIENCE AND DISCOVERY" through different play experiences.
