

## WORLD OF KIDS DAYCARE

### APRIL 2025 NEWSLETTER

We have changed over to our Spring/Summer routines. The children will be spending more time outside as the days are getting warmer and longer. If the children are not in the classroom, chances are they are outside in the playground. Please remember that with our "crazy Alberta " weather, to send your child with a sweater and a light jacket as the mornings tend to be much colder than the afternoons. Splash pants, rain boots and a raincoat should be brought in daily. Thank you for your cooperation.

### Happy Birthday

Happy birthday to Joanne, Penelope and staff Komal preet kaur who were born in April.

### Dates to remember

April 18	Good Friday Center is closed
April 21	Easter Center is closed
April 22	Earth day

### Kinder and OSC Program Plan for April month

During the month of March children explored various activities on emergent curriculum program planning under the big idea of **science and discovery**. We planned lots of activities where children learned through hands-on experience. Now their interest is shifted to space. So we will plan for **space adventures** through different play experiences.

### Preschool Program Plan for March month

During the month of March children explored various activities on emergent curriculum program planning under the big idea of **building and construction**. We planned lots of activities where children learned through hands-on experience. Now their interest is still in **spring**. So we will plan for spring activities through different play experiences.

### Baby and Toddler Program Plan for March month

During the month of March children explored various activities on emergent curriculum program planning under the big idea of **Mixing**. We planned lots of activities where children learned through hands-on experience. Now their interest is getting shifted to **Connecting and Disconnecting**. So we will plan for **Connecting and Disconnecting** activities through different play experiences.
