

WORLD OF KIDS DAYCARE AND OSC

JUNE 2025 NEWSLETTER

We have changed over to our summer routines. The children will be spending more time outside as the days are getting warmer and longer. If the children are not in the classroom, chances are they are outside in the playground. Please remember that with our “crazy Alberta” weather, to send your child with a sweater and a light jacket as the mornings tend to be much colder than the afternoons. Rain boots and a rain coat can be brought in daily. Thank you for your cooperation.

Happy Birthday

We would like to wish June born children Arvin, Louie, Adou and staff to have a lovely and happy birthday.

We wish you to have a bright year ahead.

Dates to remember

Dates to remember	
Jun 5	Daycare fee is due
Jun 13	Father's Day
Jun 4	Librarian Visit
Jun 21	National Indigenous people day

Summer fee heads up:

During summer break OSC children will stay full time in daycare so the summer fee is 750\$.. If your child gets a subsidy there is an increase in subsidy to 644 which will leave the parent portion to 106\$. Parents without subsidy to pay full time fee 750\$ and Part time 450\$(2 days/week) and Drop in fee is 50\$/day

Father's Day Celebration:

Father's Day is celebrated with lots of enthusiasm in over 46 Countries across the globe! We will be doing something special art to celebrate all fathers. We will have a party on 13th June 2024 along with children. Please join us and make it special!!!!

Program planning:

Babies and Toddlers

During the month of May children explored various activities on emergent curriculum program planning under the big idea of **Mixing/Pouring/Blending**. We planned lots of activities where children learned through hands-on experience. As their interest is getting shifted now, in the month of June children will be learning about **Building and Design** through different play experiences.

Preschoolers and OSC

During the month of May children explored various activities on emergent curriculum program planning under the big idea of **Cycles**. We planned lots of activities where children learned through hands-on experience. As their interest is getting shifted now, in the month of June children will be learning about **Breaking and Fixing** through different play experiences.

Kinder and OSC

During the month of May children explored various activities on emergent curriculum program planning under the big idea of **Growth and change**. We planned lots of activities where children learned through hands-on experience. As their interest is getting shifted now, in the month of June children will be learning about **On the move- Exploring Transportation and travel** through different play experiences.
