

WORLD OF KIDS DAYCARE AND OSC

FEBRUARY 2026 NEWSLETTER

Family is not just a word; it's the value of relationships in life. Every person has their own way of identifying and describing his or her family. Quality, fun times spent with parents is so important to children's growth and development. Children will definitely appreciate the memories of these family activities. The great news is that the initial result of just spending a little quality time in family centered activities will greatly strengthen your family bond. Remember it is important not the amount of time but the quality of time. **We request all parents to send family pictures to make new family board.**
