

WORLD OF KIDS DAYCARE & OSC
JANUARY 2026 NEWSLETTER

This festive season reminds us how important it is to pause and take stock of the year that is ending and to make plans for the one about to begin. I hope that the holidays gave you a well-earned respite, bringing you closer to your loved ones and inspired you with wonderful plans for the New Year. There are a number of exciting projects in the works for us this year. Over the next months, we will be sharing with you our future plans through our newsletter.

THANK
YOU!

To those who made it out to the Children's Christmas Party. Little ones had fun with their friends. They enjoyed pizza, chicken nuggets, fries and got their gifts. A Great Evening for All!!

REFERRAL BONUS: Word of mouth is the most popular way of advertising our daycare and I believe our parents are the best in doing it. We are happy to give a 25\$ gift card for each family you refer to us. You can either get as gift card or redeem your child daycare fee with that.

YEAR END TAX RECEIPT

Your Childcare Tax Statement will be ready by the end of February. If your family requires a receipt to be split between two parents, please let us know by January 15, 2026.

DATES TO REMEMBER

January 1	Happy New Year!
January 5	Centre open regular
January 5	Childcare Fees are due

BABY ROOM PROGRAM PLANNING:

During the month of December children explored various activities on emergent curriculum program planning under the big idea ARRANGEMENTS. We planned lots of activities where children learned through hands-on experience. As their interest is getting shifted now, in the month of January children will be learning about "EXPLORE WINTER through different play experiences.

PRESCHOOL ROOM PROGRAM PLANNING:

During the month of December children explored various activities on emergent curriculum program planning under the big idea SHARING AND CARING. We planned lots of activities where children learned through hands-on experience. As their interest is getting shifted now, in the month of January children will be learning about TEXTURE AND TEMPERATURE through different play experiences.

KINDER AND OSC ROOM PROGRAM PLANNING:

During the month of December children explored various activities on emergent curriculum program planning under the big idea WINTER LIFE SKILLS/INDEPENDENCE AND CELEBRATION. We planned lots of activities where children learned through hands-on experience. As their interest is getting shifted now, in the month of January children will be learning about COOKING through different play experiences.
